**8 Key People We All Need in Our Dream Team to Become Prosperous**

**1. CREATOR "*Creating a Unique product*":**

The Creator comes in two forms. The introverted creator is an inventor: creative, artistic, and able to multi-task on many new ideas at the same time. The extroverted creator is a pioneer: innovative but focused, creating not just products, but the businesses and marketing plans that will drive those products to market. Both are visionaries and motivate others by their drive.

**2. STAR "*Creating a Unique identity*":**

The Star has natural talent that others notice when it is shown. A unique personality and attributes are reason enough for people to talk about a star. Naturally extroverted, stars will be happy around others and will be quite comfortable being the center of attention. As they also think more intuitively, they will have the ability to create the identity that suits them best.

**3. SUPPORTER "*Adding Value to a Creator in Time & Resources*":**

The Supporter is outgoing, loyal, reliable and a fantastic networker. With a blaze frequency, their value is in the heat of the moment – the relationships they create and the wealth of energy, enthusiasm and time they can offer. By linking this resource to a wealth creator, supporters can create much greater wealth than they could on their own.

**4. DEALMAKER "*Connecting the Right People at the Right Time*":**

Successful Deal Makers tend to catch the imagination of the business world, with their sweeping gestures that make millions in a moment. Of all the profiles, the deal maker relies most on the relationships around them, as their wealth is created by the connections they make. With a sensory dynamic, deal makers are reactive, acting on the right opportunities as they happen.

**5. TRADER "*Buying Low and Selling High at the Right Time*":**

As a result of the popularity of online and retail trading, many people see themselves as a trader. Unfortunately, most are not which goes to explain why most lose their money. A real trader is someone who naturally looks for bargains for the fun of it. They love haggling or seeking out the lowest price with the satisfaction that they found it first, and then they are equally good at seeking out the buyer who will pay a higher price. As with the Creator, the trader can be both introverted and extroverted.

**6. ACCUMULATOR "*Buying & Building Appreciating Assets*":**

The accumulator is the safest of the profiles, relying on a system of incremental growth to achieve wealth. The book "The Millionaire Next Door" is based on the accumulator profile, as it is one of the most fool-proof to follow. Many wealth seekers adopt the accumulator strategy but either lose patience or get itchy feet and move on. The real, successful accumulator is patient enough to stick with it, and disciplined enough to keep to their system.

**7. LORD "*Controlling Cash Generating Assets*":**

The lord is the epitome of wealth. Rarely seen but rolling in cash, the lords of the World control everything! They control the land, they control all the natural resources, and they control all the man-made structures. They may not own them, but they don't have to. They are too busy counting their money!

**8. MECHANIC "*Creating a better system*":**

The Mechanic is an enigmatic character who has the ability to control and manage many people without needing to demonstrate any charismatic leadership qualities. His mix of intuitive thinking and systems focus together with a drive to grow and expand leads to the path of expansion through duplication and replication.
